

IF YOU DO NOT HAVE GOOGLE EARTH Or cannot use Google Earth

You can still be a part of this project.

You are welcome to use:

- Google maps
- mapquest
- wall or deskmaps
- <http://www.acscdg.com>)
- Or any other measuring device you are comfortable using

Or if you wish:

Print out the LANDMARK WORKSHEET and you will also need to print out a map from <http://www.mapsofindia.com/worldmap/world-map.gif>. The measurement guide you will find on this map is in KM. (you can find a conversion tool here: <http://www.teaching-english-in-japan.net/conversion/kilometers>)

Choose between KM or MILES and please stay consistent throughout the project.

Place a MARK at each of the 10 locations. Also, please a mark to indicate where your school is located.

Calculate the distance of your school to each other the 10 landmarks. Record your findings on the Distance Worksheet.

As a class, choose 4 more locations to measure as well.

Submit your results – there will be a link at the BOTTOM of the information page starting 4/13/09.
